No. 25.—The following resolutions of the Government of India are republished:—

HOME DEPARTMENT.

POLITICAL.

Delhi, the 15th December 1914.

No. 2951-2964.—In supersession of the orders contained in the Resolution of the Government of India in the Home Department, No. 2851-2842, dated the 8th December 1899, the Governor-General in Council is pleased to issue the following instructions with regard to certificates of identity.

2. Every native of India who contemplates proceeding out of India to foreign countries is strongly urged, before leaving, to furnish himself with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) in the case of residents of British India, and by the Political Officer in that of residents of Native States. In the case of a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) or Political Officer as the case may be.

Appeals for assistance by destitute Indians who desire repatriation and by students who, owing to embarrassed circumstances, are unable to complete their course of education cannot be dealt with satisfactorily unless the parties are in a position to produce evidence of identity. The possession of a certificate of identity will be specially useful to young men of good family, as it may enable the Secretary of State to obtain for them social and other attentions.

Those who are desirous, however, of travelling in countries where a passport will be necessary are advised to furnish themselves with such a document also before leaving India, in lieu of, or in addition to, a certificate of identity. It should be remembered that no person is entitled to a passport, as of right, on the ground that he is a British subject, and the production before authorities outside India of a certificate of identity, unless supplemented by documentary evidence of respectability, is not sufficient to ensure that a passport will be granted.

Form of Certificate of Identity.

1. Name of applicant_____
2. Father's name and caste _____
3. Residence _____
4. Age of applicant_____
5. Nationality of applicant* _____
6. Social or pecuniary status of father or (guardian)_____
7. Date or probable departure of applicant from India_____
8. Object of applicant's visit to England (Europe)

Signature of District Officer (in a Presidency Town, the Commissioner of Police or Political Officer, or head of school or college.†)

*Dated*_____

* I.e., whether a British subject by birth or by naturalization (or a subject of a Native State).

† Countersignature of the District or Political Officer should be obtained on certificates signed by heads of schools or colleges.

NOTE.—Holders of certificates of identity intending to apply subsequently in England or elsewhere for a passport to visit a foreign country are warned that no person is entitled to a passport as of right on the sole ground that he is a British subject. The production of a certificate of identity, therefore, will not ordinarily be sufficient to secure the grant of a passport, unless it is supplemented by documentary evidence of respectability, endorsed by a Local Government or other authority competent to issue passports in India, certifying that the holder is a fit and proper person to receive a passport.

No. 6957.—The following letter received from the Government of the East Africa Protectorate is published for general information :—

THE SECRETARIAT, NAIROBI,
EAST AFRICA PROTECTORATE
June 27, 1916.

Sir,

I have the honour to inform you that the Government of the British East Africa Protectorate has recently had under consideration the desirability of enforcing more strictly the provisions of the Immigration Restriction Ordinance, 1906, and the Immigration Restriction Amendment Ordinance, 1910, copies of which are enclosed herewith.

2. Section 11 of the original enactment provided that any person appearing to be a prohibited immigrant under section 5 (a)* might be permitted to enter the Protectorate on payment of a deposit according to nationality.† In the course of time this restriction was shown to be acting as a deterrent in the case of persons who might well be admitted to the country, and the amending Ordinance was promulgated whereby the Immigration Officer was empowered to accept security in lieu of the deposit

3. In the great majority of cases no arrangements for this security are made prior to embarkation and in consequence such persons have hitherto been allowed to land in order that they may be given the opportunity of finding a surety. This concession has led to abuse and is in itself objectionable inasmuch as the deposit prescribed by section 11 of the Ordinance of 1906 is payable before landing, and if this section is read together with section 8 (1) of the amending Ordinance of 1910, it is clear that the demand for security must also be complied with before landing.

4. The Government has therefore decided that all immigrants should either make the necessary deposit, or provide the security required, before leaving the ship on arrival in port. The strict enforcement of this regulation will take effect as from the 1st of September 1916 and I have the honour to request that steps may be taken to make this procedure known in those districts from which immigrants to British East Africa usually arrive. Persons who cannot deposit the necessary sum or have failed to find the requisite security will after that date be sent back to India, and the Government of this Protectorate will not hold itself responsible for any expenditure thus incurred.

I have the honour to be,

Sir,

Your most obedient servant,

C. C. BOWRING,
Chief Secretary to the Government.

Local Governments and Administrations are requested to make the intimation contained in the letter as widely known as possible, particularly in places from which emigration to British East Africa is believed to be most common. Intending emigrants should also be warned of the risks they run in proceeding to the Protectorate if they are unable, before landing, to deposit the sum of Rs. 50, or to comply with the demand for the requisite security in lieu of the deposit.

* The section prohibits the immigration of any person without visible means of support or any person who is likely to become a pauper or a public charge

† The deposit required from a native of India is Rs. 50.

Rules and Directions for the Admission of holders of Secondary School-Leaving Certificates to University Courses of Study.

I. Admission of holders of Secondary School-Leaving Certificates to University courses of study in the academic year 1926-27 and subsequent years shall be made only in accordance with the following rules and directions.

II. Such holders only of completed Secondary School-Leaving Certificates may be admitted to University courses of study and registered as matriculates under Regulation 4 of Chapter XVI as (*a*) had completed not less than 15 years of age on the first day of the month in which the examination qualifying for such certificate is held unless specially exempted from the operation of this age limit, and (*b*) have been declared eligible for such admission, by the Syndicate.

III. A complete list of certificate-holders declared eligible for admission to University courses of study will be published annually in the *Fort St. George Gazette*, and a copy of this list will be furnished to each Principal of a Constituent or Affiliated College. A certificate-holder not included in one of these lists will not be entitled to registration as a matriculate

under Regulation 1 of Chapter XVI except as provided in paragraph VI below.

IV. In the case of certificates issued under the authority of the Government of Madras those holders of certificates who qualify under the following rules will be included in the list of those declared eligible for admission to University courses of study:—

1. Secondary School-Leaving Certificate-holders shall be eligible for admission to University courses of study, who secure at the Public Examination (1) 35 per cent of the marks in each of the three subjects of Group A (except Vernacular Composition and Translation in the case of school pupils who are exempted by the Director of Public Instruction the study of this subject in Group A, and (2) 35 per cent of the marks in each of the two subjects selected under Group C, one of which shall be Algebra and Geometry, or Physics, or Chemistry or Botany, or History of England and India, subject to the following provisos:—

(a) A certificate-holder who secures in the aggregate 175 marks in the five subjects but fails by a deficiency of not more than one mark in each of two subjects, not of the same group, shall be declared eligible for admission to University courses

(b) A certificate holder who secures in the aggregate 190 marks shall be allowed:—

(1) If he fails to qualify in one subject, a deficiency of two marks in English or of five marks in any other subject;

(2) If he fails to qualify in two subjects, a deficiency of five marks in the two subjects taken together, not of the same group, provided he secures not less than 33 marks in English, if English be one of the two subjects.

A Moderation Board shall be appointed by the Syndicate to consider cases of certificate-holders who get an aggregate of not less than 200 marks and not less than 35 per cent of the marks in each of three subjects—not all from the same group—but do not satisfy the above rules.

2. In the case of a Secondary School-Leaving Certificate-holder who has been exempted the study of Vernacular Composition and Translation the total marks required for the purpose of the application of the rule above will be reduced by one-fifth.

3. In the case of certificates issued under the authority of Native States in the territorial jurisdiction of the University, similar standards for admission will be applied.

4. Any candidate for admission to University courses of study who in any year fails to qualify by reason of deficiency in any subject or subjects in which he has undergone examination will be required to undergo a supplementary course at school in all the subjects of Group A and in two subjects of Group C. He must again appear at the Public Examination in all the five subjects at the close of this supplementary course and his eligibility for admission will be determined, according to the preceding rules, either by the marks obtained by him at the last examination or by the average marks throughout in each subject obtained by him at the last and penultimate examinations. Also in the case of a candidate who, after undergoing a supplementary course and examination, has failed again to qualify for admission to University courses of study and who is permitted to appear at the Public Examination in a subsequent year after private study, eligibility for admission will be determined, according to the preceding rules, either by the marks obtained by him at the last examination or by the average marks throughout in each subject obtained by him at the last and the penultimate examinations.

V. The practice of scrutinising school-leaving certificates issued prior to 1926 and declaring the holders thereof eligible for admission to colleges according to current rules will be discontinued, and such certificate-holders will be required to present themselves for the Public Examination anew in order to qualify for eligibility, provided that certificate-holders who have been absent from school for the last four years and have completed their certificates and whose last appearance at the Public Examination was in 1922 or earlier will be permitted to send their certificates to the Registrar for submission to the Syndicate which will decide each case on its merits.

VI. Notwithstanding anything contained in the foregoing rules, the Principals of Colleges for Women will be permitted to make admissions at their discretion of women holders of Secondary School-Leaving Certificates whether the names of such holders of certificates are included in the published list of certificate-holders eligible for admission to University courses of study or not. Certificate-holders so admitted to Colleges for Women will be registered as matriculates under Regulation 1 of Chapter XVI.

VII. The lists published annually in the *Fort St. George Gazette* will contain the names of all certificate-holders found to be eligible for admission to University courses of study in Constituent or Affiliated Colleges, other than Colleges for Women, under the rules and directions issued from time to time. It is, however, to be clearly understood that inclusion in the list confers on no certificate holder the right of admission to any Constituent or Affiliated College. The Principals of Colleges are at perfect liberty to restrict admission to such applicants as they may select and are moreover required strictly to confine admission to such eligible certificate holders as, judged by their certificates, may be expected to profit by the particular courses of study upon which they propose to enter in the college selected.

Registrar.

SALE OF RIGHT TO MANUFACTURE SALT.

THE public are hereby informed that the right to manufacture salt under modified excise system in the Krishnapatam factory in an area measuring 42 acres, south of extension III, will be sold by public auction by the Assistant Commissioner of Salt Revenue, Northern Division, at the office of the Inspector of Salt Revenue, Krishnapatam Circle, at Krishnapatam, at 2-30 p.m. on 15th January 1926 subject to the following conditions.

2. A deposit of Rs. 100 must be made by every intending bidder previous to bidding.

3. No person will be allowed to bid for another, unless he holds a power of attorney from him authorising him to do so. The selling officer may, for valid reasons, refuse to accept any bid, and in cases of dispute, his decision shall be final. If, for any reason, the highest bid is rejected, the selling officer may, at his discretion, either accept the next highest bid or commence the auction again.

4. The sale will be subject to the confirmation by the Collector of Salt Revenue, who will not be bound to accept the highest or any bid.

5. As soon as possible after the auction is completed, the deposits made by the unsuccessful bidders will be returned to them.

6. The successful bidder shall, if required by the selling officer, make a further deposit equal to one-fourth of the purchase money. Should he fail to do so, the deposit made by him under condition 2 supra will be forfeited and the extension disposed of as the Collector of Salt Revenue may determine.

7. The accepted bidder should pay the full amount of the bid as soon as the bid is confirmed and will not be entitled to a refund of the bid amount paid or to the possession of the land, if and when the extension is closed or the lease determined.

8. Resales effected under condition 7 will be at the risk of the defaulting bidder, who will forfeit all gain, and in the event of loss, will be required to make good the deficiency between the amount payable under the terms of the original sale, and that payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale and the remainder, if any, will be recoverable from the defaulter in the manner laid down in section 84 of the Madras Salt Act IV of 1889. Should, however, the forfeited deposits be greater than the loss by resale the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the extension is disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale.

9. License to manufacture salt under M E. system will be granted to the successful bidder after he has accepted a modified excise lease with no compensation clause. The lease will commence from 1st January 1926 and terminate on 31st December 1942.

10. Government will have lien on 50 per cent of the salt manufactured in each season.

11. All works connected with this new extension excepting the quarters required for the additional establishment, if any, should be executed by the successful bidder himself at his own cost to the satisfaction of the departmental officers.
